

ROSENBERG INTERNATIONAL FORUM ON WATER POLICY: VIRTUAL EVENT SERIES

REGISTER: <http://ucanr.edu/virtualrosenberg>

MORE INFO: <https://ucanr.edu/sites/rosenbergforum/>

Where We Are in the World of Water

7 October, 2020

8:00-9:30 AM PST

Bring together past Rosenberg Forum participants and newcomers to the Rosenberg Forum in a virtual setting to enable conversations and inspire continued connections to advance our collective ability to find more effective water management solutions.

Use of Earth Observations, Artificial Intelligence and Data Science in Water Management

2 December, 2020

8:00-9:30 AM PST

Review current state of art technology and applications of Earth Observations for water management and provide overview of how AI models and data science can be used to better manage water resources.

Flashpoints in International Water Disputes: The Case of the Nile River

4 February, 2021

8:00-9:30 AM PST

Highlight the complexity of water science, policy and decision making in contentious river basins. Explore opportunities and threats surrounding water disputes in the Nile River Basin.
